

JOURNAL OF ANATOMY

CONDUCTED ON BEHALF OF THE ANATOMICAL SOCIETY
OF GREAT BRITAIN AND IRELAND BY

G. CAUSEY

R. E. COUPLAND

J. T. EAYRS

T. W. GLENISTER

E. G. GRAY

F. R. JOHNSON

J. D. LEVER

G. J. ROMANES

R. J. SCOTHORNE

R. L. HOLMES (EDITOR)

VOLUME 103

Contents

PART 1—JUNE 1968

	PAGE
The fine structure of enterochromaffin cells in the mouse colon. By G. C. SCHOFIELD and D. G. SILVA	1
A formol-fluorescence, fine-structural and autoradiographic study of the adrenergic innervation of the vascular tree in the intact and sympathectomized pancreas of the cat. By J. D. LEVER, T. L. B. SPRIGGS and J. D. P. GRAHAM	15
Electron microscopical observations on the architecture of the carotid arterial walls, with special reference to the sinus portion. By P. M. REES	35
Fine structural study of the terminal effector plexus, neuromuscular and intermuscular relationships in the pulmonary artery. By M. A. VERITY and J. A. BEVAN	49
The fine structure of nerve terminations in the lacrimal glands of monkeys. By G. L. Ruskell	65
The ultrastructure of implantation in the mouse. By D. M. POTTS	77
Comparative histochemical studies on carbohydrate, lipid and RNA metabolism in the placenta and foetal membranes. By GEORGE A. CHRISTIE	91
The effect of castration, oestrogens, testosterone and the oestrous cycle on the cortical epithelium of the thymus in male and female rats. By A. GLUCKSMANN and CORA P. CHERRY	113
Mitosis during postnatal growth in skeletal and cardiac muscle of the rat. By S. A. SHAFIQ, M. A. GORYCKI and A. MAURO	135
Electron microscopical observations on whole human mitotic chromosomes. By E. H. R. FORD, K. THURLEY and D. H. M. WOOLLAM	143
Mitochondrial tubules in the rat adrenal cortex. By D. N. WHEATLEY	151
The growth of the caudal half of the pelvis in the rat. By T. J. HARRISON	155
Experimental studies of the collateral circulation in the head and neck of sheep (<i>Ovis aries</i>). By N. D. S. MAY	171
BOOK REVIEWS	183
PROCEEDINGS, NOVEMBER 1967	187
PROCEEDINGS, MAY 1967	201

PART 2—SEPTEMBER 1968

Effects of vagotomy on the cholinesterase content of the preganglionic innervation of the rat heart. By V. NAVARATNAM, P. R. LEWIS and C. C. D. SHUTE	225
---	-----

	PAGE
Electron-microscope observations on the effects of localized crush injuries on the connective tissues of peripheral nerve. By J. HAFTEK and P. K. THOMAS	233
The efferent connexions of the olfactory bulb in the frog: a study of degenerating unmyelinated fibres. By F. SCALIA, M. HALPERN, H. KNAPP and W. RISS	245
The fine structure of Brunner's glands in man. By T. S. LEESON and C. R. LEESON	263
Sodium ion transport and β -glucuronidase activity in the nasal gland of <i>Anas domesticus</i> . By W. G. WOOD and BRYAN BALLANTYNE	277
The interconnexions of the muscle layers of the human colon. By J. L. PACE	289
Ultrastructural and biochemical observations on the tympanic membrane. By F. R. JOHNSON, R. M. H. McMINN and G. N. ATFIELD	297
Observations on the epidermis of the tuatara (<i>Sphenodon punctatus</i>). By P. F. A. MADERSON	311
Electron microscopy of the surface layer (periderm) of human foetal skin. By A. D. HOYES	321
Cytoplasmic inclusions in eosinophil leucocytes; an electron microscope study of guinea-pig bone marrow. By G. HUDSON	337
Fine structure of the muscular wall of rat pulmonary veins. By R. M. LUDAT-SCHER	345
Electron microscopic studies on compound tubular bodies in acinar cells of cat pancreas. By P. G. LEGG	359
In Memoriam: J. D. Boyd. By W. J. HAMILTON	371
BOOK REVIEWS AND BOOKS RECEIVED	377
PROCEEDINGS, FEBRUARY 1968	387

PART 3—NOVEMBER 1968

Synaptic distribution of centripetal and centrifugal nerve fibres in the olfactory system of the rat. An experimental anatomical study. By LENNART HEIMER	413
The commissural connexions of the somatic sensory cortex in the cat. By E. G. JONES and T. P. S. POWELL	433
The forebrain of the goat in stereotaxic coordinates. By J. S. TINDAL, G. S. KNAGGS and A. TURVEY	457
The adrenal glands of <i>Macaca mulatta</i> , with special reference to the corticomedullary zone. By R. L. HOLMES	471
Further studies on the granulated metrial gland cells of the pregnant rat. By D. BULMER	479

	PAGE
The effect of androgens on tissue regeneration. By MARY DYSON and J. JOSEPH	491
The incorporation of ³ H-cytidine into the differentiating cells of the hair cortex. By R. T. SIMS	507
Ultrastructure of reticuloendothelial elements in guinea-pig bone marrow. By G. HUDSON and J. M. YOFFEY	515
Metaplastic bone. By R. W. HAINES and A. MOHUIDDIN	527
Placental vessels of the foetal lamb. By D. H. STEVEN	539
Further observations on the blood vessels of skeletal muscle (rat cremaster). By R. T. GRANT and H. PAYLING WRIGHT	553
The fibrous architecture of the integumentary coverings of the bovine penis. By R. R. ASHDOWN, S. W. RICKETTS and R. C. WARDLEY	567
In Memoriam: W. R. M. Morton. By J. J. PRITCHARD	573
BOOK REVIEWS	575
PROCEEDINGS, APRIL 1968	581
INDEX AND SUPPLEMENTARY INDEX OF PROCEEDINGS	603
